CONCRETE SIGNAGES & NAME BOARDS

2024

RACRETE

UNMATCHED FINISH & PRECISION

Our name boards are made of the highest quality of raw materials and our goal is to achieve perfection in aesthetics and accuracy in design.

The attention to detail on these slabs are unparalleled making it stand out of the crowd.

Suitable for both outdoor/indoor use as it is all weather resistant.

Sizes & colours can be customised as per your requirement. These are custom tailored to fit perfectly in any setting.

RAW LUXURY THAT LASTS A LIFETIME

METAL INLAY

These distinctive and sophisticated signages combines the durability of concrete with the aesthetic appeal of metal inlay. The little shine from the metal inlays make the name boards pop and visually very attractive .

These types of name boards are commonly used for residences, businesses, or any location where a personalized and upscale appearance is desired.

DEBOSS

Decorative concrete boards that features recessed or indented patterns, designs, or text. The debossing process involves creating depressions and impressions in the concrete surface, resulting in a textured and visually interesting finish.

The recessed patterns in debossed concrete boards add a tactile quality to the surface, inviting touch and interaction.

Use these to achieve minimal and a timeless appeal.
